DUE : FINAL Biography – input into Classkick

Final Preparations for the Wax Museum!!! Mrs. Bernardoni will be subbing for me today. Please give her your best attention during classes and she will respond to emails and calls to the best of her ability.

NO Math assignment in Classkick today!

Tuesday, Dec. 7 – **Math Class Connect: Division using area models**

Area Models/Rectangle Method – this is quite different than the traditional algorithm that those of us as parents and learning coaches have learned. **PLEASE** work with your student on this method. It is okay to teach them the traditional algorithm **HOWEVER**, the types of questions that they will be asked in class, on assignments, tests and state testing in the spring, will all require students to break down division problems in a way that show partial quotients.

Wednesday, Dec. 8 – **ELA Class Connect:**

Thursday, Dec. 9 – **small groups & help labs**

Friday, Dec. 10 – **DECEMBER CONFERENCES!!!**

Learning Coaches may want to read these stories ahead of time to know how or if a conversation may be needed with your student. These stories are: *Pink and Say*, *Baseball Saves Us*, *Ibrahim*
