(links are only clickable in the email attachment of this newsletter)

## TIME SENSITIVE ACTION ITEM FOR SBA TESTING AT THE END OF THIS NEWSLETTER.

As of right now, the class connects on your Daily Plan are good to go! It is POSSIBLE that our class connect schedule may need to be tweaked. There will be more required classes added within the next week.

- Small groups will be created for sessions that assist with building Math and ELA skills and will be on an invite basis dependent upon student data. These will be consistent, weekly required classes.
- Other types of required Help Lab invites will be emailed out weekly, on an as need basis, relying upon how students are performing on Math Quick Checks, RACE Writing Assignments, and completion of Daily Plan lessons.

## WIN (What's Important Now):

Monday, Sept. 27 – **MONDAY MEETINGS BEGIN INCLUDING:**

- **Hot Chocolate Reading** – *Better Than You*, is the story we will be reading together in our first Hot Chocolate Class. This is a read aloud and students do not have these books in their materials.
- **Math Quick Check** – **DUE after class:** Weekly, we will have a Math Quick Check based upon the concept from the previous week. This will be assigned at the end of our Monday Meeting and students will complete the “quiz” in Classkick. I will ask students to stay in class connect either until they finish or until the class time ends.

Tuesday, Sept. 28 – **Math Class Connect** – Adding & subtracting larger numbers

Wednesday, Sept.29 – **ELA Class Connect** – RACE Writing: focus on **R**estate & **A**nswer

Assignment – **DUE after class:** RACE writing assignment will occur in Classkick after the live session.

Thursday, Sept.30 – **Some small groups will begin!**

Friday, Oct. 1 – **More small groups begin!**

- **Flipgrid!** Be sure to view this assignment on your Daily Plan to view the winner of this week's Treasure Box!

## TO DO:

- ☐ **DUE:** IF you have not already done so, please complete the **Student Information & Agreements DUE TODAY** at this link: <https://forms.office.com/r/d8rWWCh8Kq> . Learning Coaches who have not yet done so, will receive friendly email reminders until it is completed. Thank you! **48 of 49** have completed this.
- ☐ **DUE:** Ensure that you have logged into **Flipgrid**. This is an assignment on the Daily Plan each Friday. Directions are on the Daily Plan, and have been updated for those of you that may have struggled to log in. 39 of 49 have completed at least one of the two Flipgrids so far.
- ☐ Check to make sure you are completing your Daily/Weekly Plan every day. This is priority alongside of any required class connects.
- ☐ Complete any **“overdue” or “not mastered” lessons** (found on the Weekly Plan) before next Monday! Completing these lessons will need to be tackled after the lessons on your Plan have already been completed daily.

# LOOKING AHEAD:

Thursday, Oct. 15<sup>th</sup> – **OCTOBER CONFERENCES!!!** Conferences are required each month, and our class yearly & monthly calendars are available for you on our class website if you need another copy. Both the student and learning coach are required to attend conferences on the assigned dates. This may be a brief conference in a whole group, and some may need to meet individually as well. Thank you for planning in advance according to our calendar.

## SBA Testing!!!

You will receive an email from Danielle Beyer, our testing coordinator, asking you to confirm your SBA testing location, dates and times. Please do this as soon as you receive the email and plug that into a calendar to help set those dates aside.

Please use this link <https://forms.office.com/r/68gHgMn10w> to confirm that you HAVE downloaded the Secure Testing Browser as shared in the September Conference. I need to verify on Monday that this task has been completed.  
(see below SBA information and directions)

### Student View...Timeline of a typical testing session

- You will arrive at your testing site at the sign in time listed on your test ticket email. You don't arrive early because you know your TA is working with other students or setting up the site before your check in time.
  - If you are in Grades 3-8, your authorized adult must sign you in. If you are in Grades 9-12 and have your own picture ID, you can sign yourself in, or have your authorized adult come with you for sign in.
- You and your authorized adult see WAVA staff at the entrance of the testing site. There is a WAVA Staff Member checking to make sure you don't feel sick and reminding you of the health and safety requirements. They ask you what group you are in which is printed on your test ticket email. They direct you to the TA of your group for check in
- You meet your Test Administrator (TA) and your authorized adult signs you in on the paper attendance roster. You give any electronic devices you have (cell phone, watch, Fitbit, etc.) to your authorized adult to hold for you during your test.
- Once all the other students in your group arrive (will be 15 or less), you say goodbye to your authorized adult and follow your TA into the testing area to set up.
- First thing to do is wash your hands. If restroom facilities are not convenient, your TA will provide you with a sanitizing wipe so you can disinfect your hands and/or your table area.
- Your TA will help you find your seat and set up your computer. If you brought a purse or a bag, the TA will show you where you can place it (out of reach) while you test. If you couldn't bring the laptop you were practicing with from home, the TA will loan you one.

### Student View...Timeline of a typical testing session

- When your group is all setup and ready to go, your TA will read the instructions and help you login to your test. Your login information will be on your Test Ticket email. If you don't have that, your TA will look you up in their computer and help you login.
- The Fall 2021 tests are shorter than usual, and still untimed. You don't have to rush:
  - ELA takes less than 75 minutes
  - Math takes less than 60 minutes
  - Science takes less than 45 minutes
- Do your best to answer the questions to the best of your ability and try not to stress about questions that are unfamiliar. We KNOW there are questions on the test that you might not know the answers to. If you get stuck, just give your best guess and move on. You got this!
- The TA will walk around the room to make sure everyone is doing OK and doesn't need any redirection or support. If you need something, raise your hand.
- When you finish your test, submit it, then close your laptop and sit quietly and wait for the session to end. Other students might need more time, so don't distract them! Everyone works at their own pace and that's OK!
- If you don't finish by the end of the session, that's OK too. The TA will talk to your authorized adult to see if you can stay with the next testing session for a little more time.
- When the session ends, pack up your belongings and go with your TA back to the entrance of the test site to sign out with your authorized adult. Once you are signed out, take a break and be proud of yourself! Go home and take a break!

## Secure Testing Browser:

- <https://wa.portal.cambiumast.com/secure-browsers.html>
- Follow directions on website or the shortened version below.
- Select your device Operating System from the menu on the left of your screen:
- Follow all instructions for your operating system to install the secure browser.

- Select to Install and install once more.

- Select "Finish"
- A desktop icon shortcut should appear

- Once you open this secure browser, there will be a "Practice Test" selection on the left side. You may use this at any time to become familiar with sample questions, tools available, etc.
